

Happy Thanksgiving

READ ALL ABOUT IT

After many hours of hard work and much anticipation, the Summerglen Library will celebrate its grand opening on Saturday, November 11th at 10:00 a.m. Located next to the Winn-Dixie shopping center on Basswood, Summerglen will be the closest Fort Worth branch to Park Glen. That's great news for those who still have not obtained a library card. Previously, Park Gleners were forced to drive several miles to sign up for a card in order to use the Wautaga branch, right in our own backyard. Volunteers may still be needed to help out, so please call 817-871-7703 to find out what opportunities are available. We'd also like to thank James Whitehead, Winn-Dixie's store manager, and his crew for helping out with "Better Building with Books." This book drive was introduced by 13-year-old Summerfield resident, Wesley Veitch. Great job by all! Now, let's celebrate!

Park Glen Baby of the Month!

Lauren Alyce - 7 months

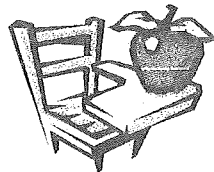

**ELECTION DAY
TUESDAY, NOVEMBER 7**

**DON'T KNOW YOUR POLLING
LOCATION?
CALL 817-884-1115.**

Please Note...

FYI: The Safety Committee is now the Safety and Traffic Committee. Prior to Sept. 17 any messages left on the Safety voicemail were most likely not received. If you have any concerns that your message was not received please feel free to call the voicemail again. The messages after Sept. 17 were received and there were many concerns about speeding and the need for more stop signs. We will be addressing these concerns at our first committee meeting in November.

Trash Talk

Records do not last. That's a given if you ever watch the Olympics, particularly the recent Sydney Olympics. But at least those records generally stand for roughly four years.

We can't even hold a clean up record for a month (this is a fake whine)!

Last month (September), concerned Park Gleners smashed the record-setting August park clean up effort by stuffing 15 30-gallon bags with items found in the green belt behind the YMCA and from the walkways along Basswood. This month, we took our clan to the park in The Bluffs at the end of Ash River and to the North Tarrant Parkway and filled 32 of these large trash bags! With the team of volunteers we had it was like taking candy from a baby. The only downside I can come up with to temper my enthusiasm is "why, is there

trash out there to be picked up at all?" In a perfect world, this is one job from which we'd love to get downsized. But we'll just strive on and toot the horn in the meantime.

The group met at our usual place, Alliance Methodist Church at 8 a.m. on October 14. We were ten strong including John and Shirley Hamrick, Larry and Zate Grider, John Billings, Brian, Lynn, and Breann Sill, and Don Click. After scrubbing down the green belt at the park we dovetailed into adopt-a-street volunteers. Many of you may have spotted our sporty orange vests as we policed the roadsides of North Tarrant Parkway between Beach and Park Vista that Saturday. If the fashion statement made you jealous, don't be; we've got a vest just your size and opportunities will come up again. Either way, please take time to notice as you drive North Tarrant that there's a distinct lack of yuck on the shoulders.

Now for what has proved to be the controversial section of the last few *Trash Talk's*. The section that I call "Item of the Month" which is defined as the piece of trash found that was more out of place than any other. This section was introduced several months ago and has given this rookie author insight into the fact that not everyone recognizes "tongue in cheek" journalism. For those who don't: THIS IS JUST A JOKE! Don't write or call me because I made fun of some trash. I will, however, accept calls or e-mails if you want to volunteer for the next clean up.

Aw heck, now that I've said all this, Item of the Month is tainted for this edition. To kill the suspense it was going to be milk jugs (I know, 'jugs' is plural which makes it Item of the Month). We must have pulled 30 one-gallon milk jugs from the creek. Soda cans and bottles almost make sense but milk jugs? They should be found in one of two places: 1) the refrigerator when they're full and 2) the recycle bin when they're empty. How do they end up in a creek bed?? Are people really walking around with gallon jugs of 2% strapped to their belt ?? Oh well, at least they crush real well and they're light.

Also, referring back to last month's article, recall that a challenge was put to the new Neighborhood Wal-Mart due to the density of trash found on "their" block. The challenge was to keep the sidewalks adjacent to the store picked up. Richard Miller, a frequent helper on the park clean ups, showed the article to Debbie, the store's manager. Debbie was quick to accept the challenge and has been sending someone out there daily to police the grounds. Whether you are a Neighborhood Wal-Mart shopper or not, please take notice and perhaps look Debbie up and thank her for the response.

Park Glen Newsletter Committee

President's Column by Joe Yates

As you've all heard by now, another home break-in and vandalism occurred in the Park Place Neighborhood. It occurred within 100 yards of the previous crime and during the morning of a recent school break. The location and timing of the crime tends to support the theory that the criminals are homegrown and school age. As regrettable as this incident is, it has provided the Police with considerably more leads and evidence than they had after the first crime. It has also focussed attention on the ways in which the neighborhood is coming together to erase the damage done by the criminals and to prevent further crimes. The Park Place Neighborhood Association is forming their own Neighborhood Watch groups and Citizens on Patrol Groups as a result of these cowardly acts of destruction. We're very happy to see this neighborhood getting off to such a strong start. We're just sorry that it had to come as the result of crime.

For those of you that are interested in what caused the problems at North Tarrant Parkway and Hwy. 377, the signal lights were torn down by a truck with a tall load that went through the intersection. I was amazed by the aftermath of the incident. It's not often that you see a utility pole that has been shattered 25 feet up in the air (where the cable holding the signal was attached). The original plan was to have it repaired within a month of the incident. However, the widening of NTP on the Keller side of the road in interfering

with the placement of the signal light poles and may result in delays.

We do have some good news to report. The Basswood intersection at Hwy 35W is finally open!!!! The barricades were removed on October 20th. This should help to ease the congestion at Western Center & 35W. However, this means that more traffic will be using Basswood as an east-west corridor. So be careful as you leave the neighborhood.

Another long awaited opening will occur at 10:00 a.m. on November 11th when the Summer Glen Branch of the Fort Worth Public Library holds its grand opening. I hope to see a lot of you there. This area fought hard to get this Library and our City Councilperson Becky Haskin fought to keep it in the bond package as the largest branch library in Fort Worth. Please mark you calendar and make an effort to attend to show our community's support for the new library.

ELECTION RESULTS

We made it through another election with a very limited turnout. Fortunately, we had a pretty good response to our requests for absentee ballots and were able to establish a quorum for the election. Our new officers are as follows:

President: Joe Yates

Vice President: Marcie Hawkins

Secretary: Michael Fox

Directors: Lidia Donohue, Kevin Sanders, and Steve Kosek

Paul Costello was also elected as a Director but has since resigned because his employer has transferred him to California. The board has met to consider a replacement and will vote on the new director at the November board meeting. I will report the results of that vote in the December newsletter.

TRASH...continued from page 3

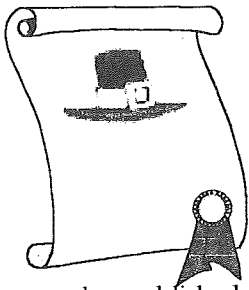

It's been a fun and eventful summer and this is the last formal park clean up until spring. But don't let that stop you from doing your part. When you're out for an evening constitutional, take a plastic grocery bag with you and pick up that stray can or bottle. Little things like this make as much a difference in our community as cutting your grass or observing the neighborhood covenants. I want to thank the many volunteers that gave up Saturday mornings in the heat or otherwise to spruce up a great community. We'll see you in the spring.

Ken Damon

Please Note:

The December/January
newsletter will be
delivered during
the second week of
December.

The First Thanksgiving Proclamation

On June 20, 1676, the governing council of Charlestown, MA, held a meeting to determine how best to express thanks for the good fortune that had seen their community securely established. By unanimous vote they instructed Edward Rawson, the clerk, to proclaim June 29 as a day of thanksgiving, our first. That proclamation is reproduced here in the same language and spelling as the original.

"The Holy God having by a long and Continual Series of his Afflictive dispensations in and by the present Warr with the Heathen Natives of this land, written and brought to pass bitter things against his own Covenant people in this wilderness, yet so that we evidently discern that in the midst of his judgements he hath remembered mercy, having remembered his Footstool in the day of his sore displeasure against us for our sins, with many singular Intimations of his Fatherly Compassion, and regard; reserving many of our Towns from Desolation Threatened, and attempted by the Enemy, and giving us especially of late with many of our Confederates many signal Advantages against them, without such

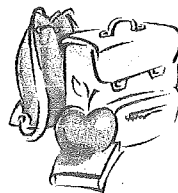

Disadvantage to ourselves as formerly we have been sensible of, if it be the Lord's mercy that we are not consumed, It certainly bespeaks our positive Thankfulness, when our Enemies are in any measure disappointed or destroyed; and fearing the Lord should take notice under so many Intimations of his returning mercy, we should be found an Insensible people, as not standing before Him with Thanksgiving, as well as lading him with our Complaints in the time of pressing Afflictions: The Council has thought meet to appoint and set apart the 29th day of this instant June, as a day of Solemn Thanksgiving and praise to God for such his Goodness and Favour, many Particulars of which mercy might be Instanced, but we doubt not those who are sensible of God's Afflictions, have been as diligent to espy him returning to us; and that the Lord may behold us as a People offering Praise and thereby glorifying Him; the Council doth commend it to the Respective Ministers, Elders and people of this Jurisdiction; Solemnly and seriously to keep the same Beseeching that being perswaded by the mercies of God we may all, even this whole people offer up our bodies and soulds as a living and acceptable Service unto God by Jesus Christ."

Our Maturing Neighborhood

Fall in Park Glen really feels like autumn.

Maybe it's because our trees are finally growing big enough that we can enjoy multi-colored leaf displays twirling in the winds outside our homes.

Maybe it's because some of our neighborhoods concocted delightfully creative Halloween displays for their front lawns.

Or maybe it's because our kids are clogging our sidewalks with their little scooters, wearing light jackets and laughing at the coming winds of winter.

Whatever the reason, fall is here, and we are beginning to feel a little older, just like our neighborhood. Park Glen is approaching the teenager years. Thirteen years is just around the corner. Our neighborhood ain't no spring chicken anymore.

* * *

On behalf of V-Squared, we'd like to congratulate our newest signees who pledged to give an hour every three months to their neighborhood and filled out the enclosed coupon.

This month, your neighbors, Susan, Donna, Chris and Cynthia, stepped up to the plate and offered their help.

* * *

See you on Sat., Nov. 11 for the opening of our library. What a great day for Park Glen!

Benny is white with black spots. "Male" part – Terrier. Course wire hair Very Friendly!!

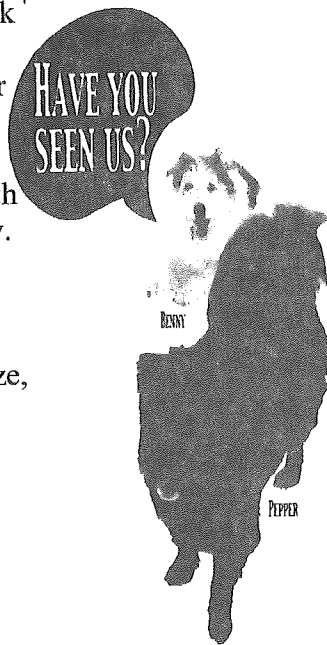

Pepper is solid black with a little white on her belly. "Female" part – Chow. Very Friendly!!

Both dogs medium in size, approx. 25 lbs.

Fax the information to Dave at: 685-3883
(CLEARLY MARK IT "For Dave Lieber")

V-Squared

Yes, I support making Park Glen more of a community by donating one hour every three months to my neighborhood. For the fourth quarter of 2000 (Oct-Dec), I PROMISE to give ONE HOUR to:

Name(s): _____
Phone: _____
Address: _____

OR

Please call me and tell me about the various volunteer efforts in the community so I can find one that fits my interests and my hectic schedule. Thanks!

Adopt-a-Street Committee News

Dear Neighbors:

We have a serious problem in Park Glen with illegal signs. These signs are placed in the public right-of-way and/or on public property. Public property/right-of-way is defined as:

- That space within all medians in the center of streets, boulevards, etc.
- That space (in either direction) within 40 feet of a street intersection
- That space along the side of a street, between the street and the sidewalk

In sum, all that space, from one sidewalk, across a street to the other sidewalk

(This is a paraphrased excerpt from the City of Ft. Worth Sign Ordinance, Chapter 29, Section 2. The ordinance states further that even a sign placed on private property, in this case, requires the written permission of the property owner. Solely for the purposes of this ordinance, your private property begins at your house-side of your sidewalk and extends toward your house to the rear property line.)

For whatever reason, some business people and some of our resident-neighbors continue - illegally - to place signs advertising various events/activities/interests in these areas.

Not only is this contrary to the City's Sign Ordinance, it is also contrary to all Park Glen Deed Restrictions. The effect is visual pollution! The consequences are both economic and aesthetic devaluation of the neighborhood and of our individual property.

So, to summarize and be specific:

1. Please do not place any sign along any street in Park Glen for any reason.
2. Please do not place a sign on any utility pole or street sign post.
3. Please do not place a sign within 40 feet of any street intersection.
4. Please do not permit businesses (realtors, renovators/repairers) to place a sign on your property without your written permission. If you grant permission, please ensure the sign complies with your Deed Restrictions.

The Adopt-A-Street Committee is authorized by the City Development Department to assist in enforcing the sign ordinance. Committee members may therefore remove and discard (as trash) any signs illegally placed on public property or within the public right of way in Park Glen. We have also asked our Police Officers to assist us in this effort.

Please help us to keep our beautiful Park Glen beautiful.

Larry Grider
Chair, Adopt-A-Street Committee

Alliance United Methodist Church's **Neighborhood To Do List:**

- Attend Wednesday Night Worship Service
- Join New Church Grocer Produce Co-Op
- Visit 8:30 or 10:45 am Sunday Worship Service
